PROFESSIONAL SUMMARY

Solution-driven Full-Stack Web Developer with experience building integrated systems for educational institutions. Skilled in developing academic, financial, learning management, and HR systems with multi-role and multi-campus architecture. Proficient in React.js, Next.js, Laravel, and MySQL

WORK EXPERIENCE

IT Developer | PT.Edukasi Indonesia Jaya | Jun 2025 –Jan 2026

- Developed **SIKAD (Academic System)** for student data management, course registration (KRS), academic reporting, and campus academic operations.
- Developed **LMS (Learning Management System)** for student attendance tracking and lecturer content/material management.
- Developed **HRIS** for employee data management, attendance monitoring, payroll processing, and HR reporting.
- Developed **SIPEMA (Student Payment System)** for tuition payment tracking, transaction monitoring, and financial reporting.
- Designed integrated system architecture connecting academic, learning, HR, and financial platforms across multiple campuses.
- Implemented centralized authentication and multi-role multi-campus access.
- Systems served 3000+ active users.
- Designed database structures and backend logic for academic, finance, HR, and learning workflows.
- Maintained system stability and handled feature enhancements based on institutional operational needs.
- Improved frontend performance by 40%.

Freelance Web Developer | Remote | Feb 2025 – Jan 2026

- Developed and deployed full-stack web applications using React.js, Next.js, Express.js, Laravel, and Tailwind CSS.
- Implemented authentication and multi-role access with dynamic CRUD functionalities.
- Built scalable architecture serving over 500 active users.
- Optimized frontend performance, resulting in 30% faster page load.

Full Stack Developer Intern — Leholeh | Jakarta Selatan | Nov 2024 – Feb 2025

- Built responsive user interfaces using React.js and backend APIs with Laravel.
- Improved system efficiency through optimization and debugging.
- Implemented best security practices and documented APIs for team collaboration.

EDUCATION

SMA Negeri 1 Depok — Jl. Nusantara Raya, Depok
